In conjunction with your reading plan we suggest you use the S.O.A.P method as a simple way to get more out of God's word.

## **What is S.O.A.P?**

S.O.A.P stands for Scripture, Observation, Application and Prayer. It is a great way to get more of your time in God's word.

## **How does it work?**

- **Scripture**

Write down in a journal a verse or verses that stuck out to you in your reading, making reference to where you found them in scripture for the future where you may want to find them again!

- **Observation**

What did you observe about the scripture that stood out to you? This could be one sentence or a whole page.

- **Application**

How could you apply what you have observed in scripture to your own life?

- **Prayer**

Write out a prayer to God based on what you just learned and ask him to help you to apply this truth in your life.
